Activating the Desire to Learn Bob Sullo

The research is indisputable: Students are less disruptive and do better academically in schools that cultivate the internal motivation of students. In *Activating the Desire to Learn*, veteran educator Bob Sullo shows how to apply lessons from the research on motivation in the classroom.

According to the author, we are all driven to fulfill five essential needs: to connect, to be competent, to make choices, to have fun, and to be safe. Studies show that when these needs are met in schools, good behavior and high achievement tend naturally to ensue.

Written as a series of candid dialogues between the author and K–12 students, teachers, counselors, and administrators, *Activating the Desire to Learn* covers everything you need to know to change the dynamics of learning in your classroom or school:

- * A comprehensive overview of the research on internal motivation;
- * Case studies of strategies for activating internal motivation at the elementary, middle, and high school levels;
- * Suggestions on how to assess degrees of student motivation; and
