The Legion (The Legacy Trilogy Book 2) Melissa Delport

A tyrant has been stopped. A new adversary, far more dangerous than the last, has emerged. The war has only just begun. "It has been four months since I murdered my husband, Eric Dane. Four months since the battle that was supposed to change our world. The year is 2044, and although we may have won the battle, the war is far from over. We believed that our mission was accomplished, that freedom was finally within our grasp. We were wrong. We now face a new danger, one without a face, without a name. An unknown enemy who is far more dangerous than Eric Dane ever was. Who is this adversary lurking in the shadows and pulling all the strings? My father is missing and Aidan is gone. I have to dig deep to find the strength to go on, but with the support of Reed, strong, fearless, and my equal in every respect, I feel that nothing is impossible. We are exploring new frontiers and finding allies in the most unlikely group of heroes. With a NUSA convoy let loose in the Rebeldom to hunt me down, I must prepare to make the ultimate sacrifice to save the people I love and have sworn to protect. My name is Rebecca Davis. I am a super-soldier, a mother, a daughter, and a friend. And I am the leader of The Legion. More importantly, I am a woman who will not stop until this war is finally, truly over." The Legion is the gripping sequel to The Legacy (book 1 of The Legacy Trilogy) with more twists and turns than ever before, and an ending that cries out for the final chapter.
