The History of Swimming: A Memoir Kim Powers

They entered the world just five minutes apart, twins swimming out of the womb together, already arguing about who got to lead the way. They grew up together, best friends with rhyming names. They even went to the same college — where one of them had a nervous breakdown, and the other didn't. Grown-up, one of them became a suicidal drunk, the other a success. Now, one is missing, and the other has just three days to find him.

It really happened.

The History of Swimming details Kim Powers' frantic search for his twin brother Tim who disappears from Manhattan one weekend while in his late 20s. Kim almost mystically imagines that the clues to Tim's whereabouts have been planted in a series of letters written by Tim over the years. Now, Kim uses the letters as a sort of roadmap that takes him to Texas, the setting of their greatest triumphs and tragedies.

At the small Texas college where many of these events occurred, Kim falls in with two eccentric traveling companions who guide him on the last leg of his quest, driving through the night to the one final place where Tim might be.

From reader reviews:

Christine Erhart:

What do you consider book? It is just for students because they are still students or that for all people in the world, the actual best subject for that? Just you can be answered for that problem above. Every person has several personality and hobby for every single other. Don't to be pressured someone or something that they don't would like do that. You must know how great and also important the book The History of Swimming: A Memoir. All type of book can you see on many options. You can look for the internet solutions or other social media.

Dale Burt:

Here thing why this kind of The History of Swimming: A Memoir are different and dependable to be yours. First of all looking at a book is good but it really depends in the content of it which is the content is as tasty as food or not. The History of Swimming: A Memoir giving you information deeper and in different ways, you can find any guide out there but there is no book that similar with The History of Swimming: A Memoir. It gives you thrill examining journey, its open up your own personal eyes about the thing in which happened in the world which is perhaps can be happened around you. You can actually bring everywhere like in park, café, or even in your means home by train. In case you are having difficulties in bringing the printed book maybe the form of The History of Swimming: A Memoir in e-book can be your alternate.

Frank Ouellette:

As a university student exactly feel bored to be able to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's internal or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading is not important, boring along with can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this The History of Swimming: A Memoir can make you feel more interested to read.

Henry Brown:

What is your hobby? Have you heard that will question when you got students? We believe that that concern was given by teacher with their students. Many kinds of hobby, Everybody has different hobby. And you also know that little person such as reading or as reading through become their hobby. You must know that reading is very important in addition to book as to be the point. Book is important thing to increase you knowledge, except your own teacher or lecturer. You get good news or update in relation to something by book. Different categories of books that can you decide to try be your object. One of them is this The History of Swimming: A Memoir.
