**El rostro y el alma: Siete ensayos fisiognómicos (Spanish Edition)** Francisco González Crussí

**"El rostro con que venimos al mundo es una de tantas prendas que nos tocan en el despiadado juego de azar que es el destino". He aquí la premisa a partir de la cual el doctor González Crussí -uno de los médicos humanistas más reconocidos de nuestro tiempo- construye estos siete ensayos fisiognómicos: una obra única que une la curiosidad, la erudición, la amenidad y el sentido del humor para ofrecer un festín literario irrepetible.**

"Muchos pensarán que la fisiognomía y la frenología no son otra cosa que torpes esfuerzos por construir una ciencia# Pero yo creo vislumbrar algo más: un afán que no carece de nobleza: el tenaz proyecto de comprender el lenguaje del rostro. Porque los rostros hablan, aun sin tener voz. Es como si dijeran al observador: "Déjame que te cuente un poco de mi persona y de mi propia historia: de dónde vengo; si me siento alegre y exultante, o triste y deprimido; y si estoy sano o me encuentro enfermo. Te hago saber que llevo en las mejillasla marca de un trauma que sufrí hace tiempo, o el rubor de mi vergüenza y mi natural timidez. Te señalo las trazas que una enfermedad me ha dejado. Y te cuento que, a pesar mío, porto en mi piel las cicatrices de los zarpazos de los años, o que, por el contrario, llevo conmigo el contento, el alborozo y la frescura de la juventud. Con todo y que eres un perfecto desconocido para mí, mi rostro tiene mucho que contarte; sólo te pido, por favor, no lo malinterpretes"."
