Review of Human Behavior Research Kimberly Wylie

Essay from the year 2004 in the subject Psychology - Social Psychology, University of Phoenix, 6 entries in the bibliography, language: English, abstract: Human behavior has been studied for thousands of years, yet still researchers find interesting aspects of human behavior to continue to study. It is the complexities, still somewhat beyond comprehension, that leaves the exploration of human beings as the true final frontier.

Following are discussions on just an infinitesimal portion of the plethora of research on the interesting topic of human behavior. This original research ranges from the study of the ontogeny of serial order behavior in humans to an examination of the theory of planned behavior in the exercise domain.
