## **Trabalho e capitalismo global (Portuguese Edition)** Élio Estanislau Gasda

Esta obra toma o trabalho como um tema de estudo à luz da fé, com a convicção de que o cristão não pode se omitir ante a agressão do sistema à dignidade humana. O mundo do trabalho é uma das realidades em que os direitos humanos sofrem as maiores violações. Com a globalização do capitalismo estabeleceu-se um novo complexo de reestruturação produtiva que atingiu profundamente a condição humana. O novo mundo do trabalho é altamente competitivo, precário, flexível, múltiplo, tecnológico, imaterial, global. Temos um capitalismo global, financeirizado, tecnológico, toyotizado, neoliberal. Contudo, mantém intacta sua essência: obsessão pelo acúmulo individual de riqueza, propriedade privada, exploração do trabalho.
