Unleashed: Of Poltergeists and Murder: The Curious Story of Tina Resch William Roll, Valerie Storey
One scientist's account of the poltergeist case that made headlines across the country -- and the riveting examination of a child's mysterious murder.

When she was just fourteen years old, Tina Resch became the center of the best-documented case of poltergeist activity of the twentieth century. During the spring of 1984, Tina's home in Ohio was thrown into chaos: appliances turned themselves on without electric current, objects flew through the air, furniture scooted across the floor. Censured endlessly by her adoptive family and thrust into the eye of a media twister thanks to one reporter's photographic evidence of a flying phone, Tina was propelled into a downward spiral that led to an abusive marriage, a divorce, and the birth of a child -- all before her twentieth birthday. Three years later she was charged with that child's murder, and she is currently serving a life sentence for a crime as controversial, mysterious, and complex as the accused herself -- a crime she maintains she did not commit.

Unleashed is Tina's story as told by a parapsychologist who witnessed striking paranormal phenomena in Tina's presence. Examining the destructive powers of thwarted emotions from a scientific perspective, William Roll sheds remarkable light on the case of Tina Resch -- and boldly confronts our cultural responses to events that cannot be easily explained.
