To record the woes of authors and to discourse de libris fatalibus seems deliberately to court the displeasure of that fickle mistress who presides over the destinies of writers and their works. Fortune awaits the aspiring scribe with many wiles, and oft treats him sorely. If she enrich any, it is but to make them subject of her sport. If she raise others, it is but to pleasure herself with their ruins. What she adorned but yesterday is today her pastime, and if we now permit her to adorn and crown us, we must tomorrow suffer her to crush and tear us to pieces. Today her sovereign power is limited: she can but let loose a host of angry critics upon us; she can but scoff at us, take away our literary reputation, and turn away the eyes of a public as fickle as herself from our pages. Surely that were hard enough! Can Fortune pluck a more galling dart from her quiver, and dip the point in more envenomed bitterness? Yes, those whose hard lot is here recorded have suffered more terrible wounds than these. They have lost liberty, and even life, on account of their works. The cherished offspring of their brains have, like unnatural children, turned against their parents, causing them to be put to death.
