In December, 1943, 20-year-old Army private George Ritchie died of pneumonia. Nine minutes later, he came back profoundly changed. What had happened to him while his dead body lay under a sheet would change his life, and that of his family, friends, and patients.

His first book, *Return From Tomorrow*, has sold over 200,000 copies and has been translated into nine languages. Now, in *Ordered to Return*, George Ritchie briefly re-tells the story of that strange experience and then tells what happened later, including the real miracles that he has seen in his years of practice as a physician and psychiatrist.

What's more, using plain, every-day examples from life, he offers penetrating insights into what is wrong with American life today and how it can be set right.
