A virus changed everything. This is how it began.

After his sister's death, Jake is determined to seek revenge against his best-friend-turned-enemy. However, after meeting Clara, who's as convincing as she is unnerving, his plans change completely.

Clara has all but given up on finding her Prince Charming, but the moment Jake walks into the hospital, her future becomes much brighter, despite the world-ravaging virus that's turned everything upside down.

But traveling across the country together proves more difficult than either of them expects, and just when they both think the world couldn't get any worse, it does.
