A Century of Sonnets: The Romantic-Era Revival, 1750-1850

A Century of Sonnets: The Romantic-Era Revival, 1750-1850

Expertly edited by Paula R. Feldman and Daniel Robinson, this volume is the first in modern times to collect the sonnets of the Romantic period--many never before published in the twentieth century--and contains nearly five hundred examples composed between 1750 and 1850 by 81 poets, nearly half of them women. *A Century of Sonnets* includes in their entirety such important but difficult to find sonnet sequences as William Wordsworth's *The River Duddon*, Mary Robinson's *Sappho and Phaon*, and Robert Southey's *Poems on the Slave Trade*, along with Browning's enduring classic, *Sonnets from the Portuguese*. The poems collected here express the full sweep of human emotion and explore a wide range of themes, including love, grief, politics, friendship, nature, art, and the enigmatic character of poetry itself. Indeed, for many poets the sonnet form elicited their strongest work.

A Century of Sonnets shows us that far from disappearing with Shakespeare and the English Renaissance, the sonnet underwent a remarkable rebirth in the Romantic period, giving us a rich body of work that continues to influence poets even today.
