Aura Child A I Kaymen

This is one of the most astonishing books you will ever read, the story of a very special child. Everybody has a gift, but some are more special than others. And perhaps some are more of a curse than a blessing. Imagine growing up seeing the world in a completely different way to everyone you know, in a way that nobody – even your own family – can understand or will even acknowledge... You can see every person's energy field around them, and you can see how it changes as they speak, as they eat... you can even watch their thoughts. You walk down a busy London street, blink, and find yourself in the medieval farm that was once there – and you can converse with the spirits who lived in that time and place. But you can't tell anyone about this. They'll think you're mad. They already call you a freak. So how do you live with your special gift?
