**Modern Power and Free Speech: Contemporary Culture and Issues of Equality** Chris Demaske  
*Modern Power and Free Speech* explores the complicated relationship between the First Amendment and culturally disempowered and groups within the United States. By focusing on hate speech, Internet pornography, and political dissent, Chris Demaske analyzes First Amendment discourse and doctrine and questions the role of the concept of the autonomous individual. Demaske asserts that the presupposed equality of so-called "autonomous individuals" does not exist and goes on to show how these specious claims to equality only serve to further silence those marginalized members of American society.

Combining legal analysis, First Amendment theory, feminist theory, and political theory, Chris Demaske addresses the inadequacies of current free-speech doctrine and provides a possible solution to remedy them.
