Regional Anaesthesia: A Pocket Guide Alwin Chuan, David Scott

Regional Anaesthesia: A Pocket Guide is an essential companion to the practice of regional anaesthesia for consultants and trainees in the specialty. Filled with practical advice and carefully designed for ease of use, this book is the helpful aid to practice that anaesthetists have been waiting for.

The book covers all the major blocks by anatomical region, from the head and upper extremities, to the lower extremities and para-axial region. The technique for each procedure is prefaced by information on its difficulty, indications, contraindications, and potential side-effects. Every procedure is also accompanied by a range of high-quality clinical photographs and anatomical drawings that demonstrate the importance of applying anatomical knowledge in practical anaesthetic procedures.

Regional anaesthesia is a fast-moving specialty, and this book takes into account recent advances in ultrasound-guided techniques with a strong focus on real-time observation of needle placement. Landmark-placed blocks have are also covered for clinicians without access to ultrasound technology.

Regional Anaesthesia: A Pocket Guide is a unique compilation of anaesthetic techniques that offers support and guidance for any trainee or specialist in their every day practice.

From reader reviews:

Janice Burgess:

The particular book Regional Anaesthesia: A Pocket Guide has a lot info on it. So when you check out this book you can get a lot of benefit. The book was compiled by the very famous author. The author makes some research previous to write this book. This book very easy to read you can get the point easily after reading this book.

Harvey Sanchez:

Why? Because this Regional Anaesthesia: A Pocket Guide is an unordinary book that the inside of the e-book waiting for you to snap it but latter it will shock you with the secret the item inside. Reading this book adjacent to it was fantastic author who else write the book in such incredible way makes the content on the inside easier to understand, entertaining approach but still convey the meaning fully. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of advantages than the other book have got such as help improving your talent and your critical thinking way. So , still want to hold off having that book? If I have been you I will go to the e-book store hurriedly.

Jaime Friend:

Playing with family within a park, coming to see the marine world or hanging out with buddies is thing that usually you have done when you have spare time, and then why you don't try point that really opposite from that. One activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love Regional Anaesthesia: A Pocket Guide, it is possible to enjoy both. It is great combination right, you still would like to miss it? What kind of hangout type is it? Oh can occur its mind hangout people. What? Still don't obtain it, oh come on its known as reading friends.

Ron Matthies:

In this period globalization it is important to someone to obtain information. The information will make anyone to understand the condition of the world. The fitness of the world makes the information quicker to share. You can find a lot of sources to get information example: internet, newspaper, book, and soon. You can see that now, a lot of publisher in which print many kinds of book. Typically the book that recommended for you is Regional Anaesthesia: A Pocket Guide this publication consist a lot of the information with the condition of this world now. That book was represented how does the world has grown up. The language styles that writer require to explain it is easy to understand. The writer made some analysis when he makes this book. Honestly, that is why this book ideal all of you.
