The final chapter of Luke's tropical adventure. As the days continue go by without any sign of rescue, he and the **closest women in his life** begin to come to terms with their new **hot and humid living arrangement** on the island. They begin to realize that the only way to get by is to rely on each other for all of their **intense carnal needs**, even if it means allowing their **forbidden urges** and **taboo desires** to take the **natural course**.

Luke and the women decide to celebrate their good fortune by holding a beach party, so that all of them can **blow a load off**. A mix up during the dinner preparation ends with all of them accidentally indulging in the **strange red fruit**, and being pushed even further towards giving in to the **ultimate illicit temptation**.
