Francisco Goya: His Palette Arron Adams

This study Art Book contains selected and annotated color plates of paintings from Francisco Goya.

Spanish painter and graphic artist, Goya was the most powerful and original European artist of his time, but his genius was slow in maturing and he was well into his thirties before he began producing work that set him apart from his contemporaries. Goya completed some 500 oil paintings and murals, about 300 etchings and lithographs, and many hundreds of drawings. He was exceptionally versatile and his work expresses a very wide range of emotion.

His technical freedom and originality likewise are remarkable. In his own day he was chiefly celebrated for his portraits, of which he painted more than 200; but his fame now rests equally on his other work.
