The Rules to Break is built upon Richard Templar's belief that we all need to think for ourselves a bit more. It is our responsibility to decide which of life's rules work for us, and which don't. The goal of The Rules to Break is to show the reader how to break rules that are holding them back from experiencing fulfilling work, meaningful relationships and being a happy and productive member of society.

You will learn:

- Why you can't change your partner-and why you shouldn't even try
- Why comparison is destructive and misleading
- Why you shouldn't do as your parents say.
