The Forever Watch: A Novel David Ramirez

An exciting new novel from a bold up-and-coming sci fi talent, *The Forever Watch* is so full of twists and surprises it's impossible to put down.

All that is left of humanity is on a thousand-year journey to a new planet aboard one ship, The Noah, which is also carrying a dangerous serial killer...

As a City Planner on the Noah, Hana Dempsey is a gifted psychic, economist, hacker and bureaucrat and is considered "mission critical." She is non-replaceable, important, essential, but after serving her mandatory Breeding Duty, the impregnation and birthing that all women are obligated to undergo, her life loses purpose as she privately mourns the child she will never be permitted to know.

When Policeman Leonard Barrens enlists her and her hacking skills in the unofficial investigation of his mentor's violent death, Dempsey finds herself increasingly captivated by both the case and Barrens himself. According to Information Security, the missing man has simply "Retired," nothing unusual. Together they follow the trail left by the mutilated remains. Their investigation takes them through lost dataspace and deep into the uninhabited regions of the ship, where they discover that the answer may not be as simple as a serial killer after all.

What they do with that answer will determine the fate of all humanity in David Ramirez's thrilling page turner.
