Trust will either destroy them...or save them both.

Kira Farseaker led a sheltered, privileged life—until her discovery of a cruel secret plunged her into an underworld of danger. Now she vows to use her money and position to save an alien species, the Shifters, from government-sanctioned extermination.

A secret planet, a Farseaker legacy known as Kierna'Rhoan, could offer at least some of the evolving Shifters the sanctuary they need to survive. To get them there safely will be the most dangerous mission Kira has ever attempted—a task that isn't made any easier by her attraction to the dark, hungry eyes of a suspected spy.

Officer David Cario's assignment to a Shifter extermination squadron is just the break he needs to learn why his sister was executed. Earning the trust of his commander's ex-wife, suspected terrorist Kira Farseaker, is easier said than done, especially when crossing into her world brings him face to face with truths he isn't prepared to discover.

Swept up in a growing whirlpool of corruption and treachery, Kira and David find themselves locked in a struggle between duty and a growing passion that could destroy everything they've worked for. Or save both their lives.
