## Œdipus Voltaire

François-Marie Arouet wrote under the nom de plume of Voltaire, and produced works in almost every literary form, including plays, poems, novels, essays, and historical and scientific works. Œdipus was written when Voltaire was but nineteen years of age. It was played for the first time in 1718, and ran for forty-five nights. Du Frêne, a celebrated actor, and of the same age as the author, played the part of Œdipus; and Madame Desmarêts, a famous actress, did Jocaste, and soon after quitted the stage. In this edition, the part of Philoctetes is restored, and stands exactly as it was in the first representation.
