The Wasps Aristophanes

This Comedy, which was produced by its author the year after the performance of 'The Clouds,' may be taken as in some sort a companion picture to that piece. Here the satire is directed against the passion of the Athenians for the excitement of the law-courts, as in the former its object was the new philosophy. And as the younger generation—the modern school of thought—were there the subjects of the caricature, so here the older citizens, who took their seats in court as jurymen day by day, to the neglect of their private affairs and the encouragement of a litigious disposition, appear in their turn in the mirror which the satirist holds up.—From the introduction to 'The Wasps' by Aristophanes.
