The Magic Shop

Alec Gavins' first summer job results in love, magic, and adventure.

He comes into possession of an ancient golden amulet which grants his wishes, although never in the way he expects. Alec and friends Marina and her uncle Zack begin researching the pendant, discovering it's linked with the lost tomb of Alexander the Great. They've no idea a malevolent group, also looking for the tomb, are determined to get hold of the amulet—at any price.

Alec's life becomes a roller-coaster ride when Alexander's spirit attempts to control him—at a time when Alec's going to need his wits about him just to survive...

The Defenders

When Alec Gavins and his friends investigate a Native American archaeological site in northern Arizona, they find an ancient metal statue where no such artifact should exist. This statue proves to be a clue that leads to evidence of an ancient, high-tech civilization. Alec and his friends must master the ancient technology to save the Earth from destruction.

The Amulet and the Staff

Everybody seems to want something from Alec Gavins! A beautiful and ruthless CEO wants his amulet; a well-known TV evangelist wants a mystical staff; and a German industrialist wants to gain the secret to a new antigravity technology.

In the midst of all of this, Alec is afraid he's losing his girlfriend, Marina Torres, to a rock and roll star. He's going to have to foil the bad guys and win her back, while not getting killed in the process.
